Road & Bridge Fuel Tank Replacement – Road & Bridge Supervisor JR Colden joined the meeting at 4:45 p.m. to present bids for the replacement of two diesel fuel tanks at the Wray main shop. Current tanks are aged and have considerable sediment in them which is causing fuel injection issues in equipment. After attempts to obtain bids for cleaning of the current tanks, Colden’s team was unable to find an agency willing to bid on the project. Colden presented a bid from True North Steel in Huron, SD for two 6,000 gallon above-ground tanks with fittings and equipment for \$18,679.44. After discussion, the Commissioners tabled the decision for further information on availability of tanks and cleaning from local vendors. The conversation will be revisited at a later time.

There being no further business, the meeting adjourned at 4:54 p.m. The next regular meetings of the Board of County Commissioners will be on October 31, 2019 and November 15, 2019.
