SAMHSA: Grants to Expand Substance Use Disorder Treatment Capacity in Adult and Family Treatment Drug Courts

Deadline: April 1, 2024

Purpose: The purpose of this program is to expand substance use disorder (SUD) treatment and recovery support services in existing drug courts. The program recognizes the need for treatment instead of incarceration for individuals with SUDs. Recipients are expected to provide prevention, harm reduction, treatment, and recovery services for individuals with SUD involved with the courts. With this program, SAMHSA aims to improve abstinence from substance use, housing stability, employment status, social connectedness, health/behavioral/social consequences, and reduce criminal justice involvement.

Areas of Focus: Treatment and Recovery

Amount of Funding: \$24,400,000

Project period: Not specified

Eligibility: Eligible applicants are States and Territories, including the District of Columbia, political subdivisions of States, drug courts, Indian tribes, or tribal organizations (as such terms are defined in Section 5304 of Title 25), health facilities, or programs operated by or in accordance with a contract or award with the Indian Health Service, or other public or private nonprofit entities.

Application Process: If you are applying for a SAMHSA grant, you must download the application forms found on [Grants.gov](https://www.samhsa.gov/grants). You may require [additional forms found on the SAMHSA website](#). Read the [FY 2024 Notice of Funding Opportunity \(NOFO\) Application Guide](#) to carefully to determine which forms you must include in your application. Applications that do not include all required forms will be screened out and will not be eligible for review.

Areas of Consideration:

- Are there drug courts in the region?

SAMHSA: State Pilot Program for Treatment for Pregnant and Postpartum Women

Deadline: April 1, 2024

Purpose: The purpose of this program is to: 1) advance family-based services for pregnant and postpartum women with a primary diagnosis of a substance use disorder (SUD), emphasizing the treatment of opioid use disorders; (2) help state substance use agencies provide outpatient treatment and recovery support services for pregnant and postpartum women with SUD; and (3) promote a coordinated system of SUD care within each state.

Areas of Focus: Treatment and Recovery

Amount of Funding: \$3,600,000

Project period: Not specified

Eligibility: Eligible applicants are Single State Agencies (SSA) for Substance Use.

Application Process: If you are applying for a SAMHSA grant, you must download the application forms found on [Grants.gov](https://www.samhsa.gov/grants). You may require [additional forms found on the SAMHSA website](#). Read the [FY 2024 Notice of Funding Opportunity \(NOFO\) Application Guide](#) to carefully to determine which forms you must include in your application. SAMHSA: Screening, Brief Intervention and Referral to Treatment Program

Deadline: April 12, 2024

Purpose: This program (short title SBIRT) provides grants to implement screening, brief intervention, and referral to treatment services for adolescents and adults in primary care and community health settings with a focus on screening for underage drinking, opioid use, and other substance use.

Among other things, this program is intended to expand and enhance the continuum of care for substance use disorder (SUD) services and reduce alcohol and other drug (AOD) consumption, reduce high-cost service utilization, and promote sustainability and the integration of behavioral health and primary care services through policy changes that promote access to generalist and specialist care.

Areas of Focus: Treatment

Amount of Funding: \$995,000

Project period: 5 years

Eligibility: Eligible applicants include states and territories, political subdivisions of states, tribes, tribal organizations, health facilities, programs operated by or in contract with the Indian Health Service, and other public or private nonprofit entities.

Facilities include, but are not limited to:

- Health centers
- Hospital systems
- Health maintenance organizations (HMOs)
- Preferred-provider organizations (PPOs)
- Federally Qualified Health Centers (FQHCs)
- Behavioral health centers
- Pediatric healthcare providers

SAMHSA: First Responders-Comprehensive Addiction and Recovery Act

Deadline: April 15, 2024

Purpose: The purpose of this program is to provide resources to support first responders and members of other key community sectors on training, administering, and distributing naloxone and other Food and Drug Administration (FDA)-approved overdose reversal medications or devices. Recipients will be expected to establish processes, protocols, and mechanisms for warm hand-off referrals to appropriate treatment, recovery, harm reduction, and other psychosocial resource support services. Recipients will also provide safety education around fentanyl, synthetic opioids, and other drug trends associated with overdoses.

Areas of Focus: Treatment and Recovery

Amount of Funding: \$6,200,000

Project period: Not specified

Eligibility: Eligibility for this program is statutorily limited to states, local governmental entities, and American Indian/Alaska Native (AI/AN) tribes and tribal organizations.

Application Process: If you are applying for a SAMHSA grant, you must download the application forms found on [Grants.gov](https://www.samhsa.gov/grants). SAMHSA: Building Communities of Recovery

Deadline: April 29, 2024

Purpose: The purpose of this program is to mobilize and connect a broad array of community-based resources to increase the availability and quality of long-term recovery support for persons with substance use disorders (SUD) and co-occurring substance use and mental disorders (COD). Recipients will be expected to support the development, enhancement, expansion, and delivery of recovery support services (RSS) directly to individuals as well as advance the promotion of, and education about, recovery at a community level.

Areas of Focus: Recovery

Amount of Funding: \$6,000,000

Project period: 3 years

Eligibility: Eligibility is limited to Recovery Community Organizations (RCOs), defined as independent, non-profit organizations wholly or principally governed by people in recovery from substance use disorders and/or co-occurring substance use and mental disorders who reflect the community being served.

Application Process: If you are applying for a SAMHSA grant, you must download the application forms found on [Grants.gov](https://www.samhsa.gov/grants). HRSA: Rural Communities Opioid Response Program RCORP-Impact

Deadline: May 6, 2024

Purpose: The Rural Communities Opioid Response Program (RCORP)-Impact will improve access to treatment and recovery services for substance use disorder (SUD), including opioid use disorder (OUD). The program will serve people and families in rural areas affected by SUD.

HRSA plans to make approximately 16 awards [under RCORP – Impact](#), which will improve access to integrated, coordinated treatment and recovery services for substance use disorder (SUD), including opioid use disorder (OUD), in rural areas. RCORP – Impact kicks off a new rural opioid treatment and recovery initiative under the umbrella of RCORP, which will focus on establishing new comprehensive substance use disorder treatment and recovery services in rural communities.

The grant can be used to meet four main goals:

1. Set up and/or expand SUD treatment and recovery services
2. Build an SUD workforce that includes peer recovery specialists and clinicians with different areas of expertise
3. Work with social services to ensure that people and families affected by SUD have a better chance for long-term recovery
4. Work to ensure that services can continue after the grant ends
